

Hullo,

Eskom appreciates the interest you've shown in the past few months by the enquiry you had made regarding the Eskom Solar Water Heating Programme. Below, please find an update on the latest developments.

Accredited SWH Suppliers

We are pleased to announce that, to date, 8 suppliers have obtained accreditation to participate in the Eskom SWH Programme.

SWH Supplier	Approved SWH System(s)	Incentive Amount
1. Atlantic Solar 086 136 3749 info@atlanticsolar.co.za	Dura-Line 200 Vaal 200 litre	R2 166.67
	Dura-Line 300 Vaal 300 litre	R2 858.19
2. Alt E Technologies Western Cape: 021 511 9504 Eastern Cape: 082 776 1503 Gauteng: 082 994 7001 KZN: 083 412 2718	Ksh 201 Giordano 175 litre	R2 388.19
	Ksh 302 Giordano 250 litre	R4 452.63
3. Home Comfort 0861 114 169	Dura-Line 200 Vaal 200 litre	R2 166.67
	Dura-Line 200 Vaal 300 litre	R2 858.19
4. Pronto Plumbing t/a Solar Pro 021 761 7602	Solarpro DT 200D 200 litre	R3 390.69
5. Solar Beam 031 563 9585 solarbeam@netactiv.co.za	SBG Direct 200 litre 200 litre	R2 500.83
	SBG Direct 300 litre 300 litre	R3 943.89
	SBG Direct 300 litre 300 litre indirect	R3 100.55
6. Solar Heat Exchangers 086 11 solar info@solarheat.co.za	Ksh 201 Giordano 175 litre	R2 388.19
	Ksh 302 Giordano 250 litre	R4 452.63
7. Tasol Solar johan@tasolsolar.co.za www.tasolsolar.co.za	Tasol HPS104 150 litre	R1 912.91
	Tasol AKH20 200 litre	R1 869.72
8. Frantel Distribution frantel@absamail.co.za	Frantel JP – B2 150 litre	R2 314,72
9. Solahart sales@solahart.co.za	Solahart 302KF 300 litre	R4 917,63

A more comprehensive table showing costs and system details can be viewed on www.eskom.co.za/dsm click on solar water heating link

The spread of suppliers will enable customers to choose from five suppliers in the Cape area, 2 in KZN, 3 in Gauteng, one in the Free State and one covering coastal areas.

For further information, please visit www.eskom.co.za/dsm and click on the Solar Water Heating link.

Please note that although the supplier may be selling different solar systems, ONLY the approved systems; as listed in the table above or the website will be considered for an incentive.

Criteria to be a supplier

To obtain accreditation for participation onto the Eskom Solar Water Heating Programme suppliers must meet the following criteria:

- The system applied for must be a high-pressure system (pressure must be higher than 100kPa).
- The system must be installed in conjunction with a timer to optimise energy savings and regulate everyday usage (OR a load management device, i.e. a geyser buddy or ripple relay, to control the usage in crisis situations OR should have no electrical back-up at all).
- The system must be appropriate for the household and area in which it is installed, especially in terms of size, frost protection and water quality compatibility.
- It must have a comprehensive guarantee for at least five years and should offer a life expectancy of 10 to 15 years.
- The system must have passed the South African Bureau of Standards (SABS) tests, and comply with the South African National Standards (SANS) for thermal and mechanical performance and safety.
- The supplier of the system will need to be registered with SESSA (Sustainable Energy Society of South Africa) SWH division.
- Ensure the registration of solar water heating installers with Eskom Facilitating Auditors

Be in contact

Should you require any further assistance or information please don't hesitate to contact Eskom DSM Help Desk at 011 800 4744 or e-mail us at solar@eskom.co.za.

Eskom hopes to achieve a 578MW saving with the implementation of the Solar Water Heating Programme.....enough electricity to power 300 000 average homes. With your help, we'll make the target.
